

Mitchell's *BLACK Lightning*

THE Powerful Semiauto .22 MAGNUM Rifle – And You Can Have It Your Way

Long-range accuracy. With our high-powered scope and bipod, this Black Lightning enables you to hit the target first time, every time, with superb accuracy!

Accurate: at 50 yards, this group is less than 1/4" center-to-center!

21st Century Design. The semi-auto Black Lightning is built with the most powerful rimfire available, the **.22 Winchester Magnum!**

Its heavy, fluted, stainless barrel gives you superb accuracy and long barrel life. The full-length Picatinny rail gives you unmatched flexibility in setting up your rifle for any use.

M16-style Sights: includes the rear carry handle with M16 peep sight plus the adjustable front sight. The Laser-equipped front sight is shown, or you can choose the standard military front sight.

Choose Your Configuration! No other rifle gives you this much choice.

- Set it up with M16-style sights with, or without, a laser sighting aid.
- Add a bipod for stability on the ground.
- Make it into a **Scout Rifle** by adding one of our long-eye-relief scopes.
- Attach our heavy leather sling and detachable swivels for carry convenience.
- Add one of our riflescopes and you can "Reach out and Touch" the target with precision out to 150 yards... easily.
